

Residential Limitless NBN information

The below provides the relevant and quick information about Axecom's Limitless Residential NBN via FFT,FTTC, HFC & FTTP. Axecom NBN is backed with the Axecom Business Support. Axecom NBN is based on asymmetrical speeds this means that your upload and download speeds will be different. You can upgrade or down grade speeds for a fee.

NBN bandwidth speeds are denoted as the maximum port speed, the actual speed you will achieve could be different due to a number of factors including but not limited to, the type/source of content being downloaded, hardware and software configuration, the number of users simultaneously using the network and performance of interconnecting infrastructure not operated by Axecom. Please note devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable. Axecom does not guarantee you will get the maximum port speed.

NBN services provided by Axecom include unlimited data usage however, a fair use policy applies that is designed to protect the integrity of the carrier network. Examples of a fair usage breach would include but not limited to, re-selling the Axecom NBN without written consent of Axecom, promote or threaten violence towards anyone, create a risk to the health or safety of any person, using your service in a way that interferes with or poses a risk to our network or other customer's services.

Please note that any speeds of 100 or above require FTTP (Fibre to the Premise).

Charges and Billing

Pro-rata billing applies on the initial connection date to the end of the calendar month.

The maximum monthly plan charge associated with a NBN connection will depend on the service plan you are subscribed too. Please note a once off Set Up fee of \$99.95 inc.GST applies in total minimum cost. The maximum plan charges are as follows:

Business NBN Plan	Typical Evening Speeds Mbps	Total Minimum cost inc.GST
NBN Limitless 25/10	23/8	\$79.95
NBN Limitless 50/20	48/17	\$89.95
NBN Limitless 100/20	98/17	\$99.95
NBN Limitless 500/50	475/42	\$139.95
NBN Limitless 750/50.	700/42	\$149.95
NBN Limitless 1000/50	750/42	\$159.95

First Months Billing

Includes your month plus \$99.95 Set up Fee

Minimum Charge is your base plan plus the set up fee.

Contract Length & Early Termination

All of our Limitless NBN Residential plans have a minimum contract term of 1 months. 30 days notice must be given if cancelling outside the contract terms.

Should you choose to cancel your service within the billing period, no refund or credits will be applied, after the billing period falls due. Billing is based on our typical calendar month.

Hardware

All routers purchased either independently or Axecom's standard gigabit router are at the client cost.

Any cabling that is required in your premises beyond the network boundary point is the client responsibility and will not be covered by Axecom .

Additional charges

The table below outlines any additional charges that may be applicable with the installation and support of Axecom Residential NBN

Our service provisioning team will confirm in writing prior to installation or onsite support the additional charges required, should they be applicable to your NBN service, before proceeding.
